ANXIOUS FOR NEWSThose Having Relatives and
Friends in Omaha Eagerly
Await Advice.

Special to The Tribune.

OGDEN, March 24.—Not a few Ogden people sought information today concerning relatives and friends residing in and near Omaha, where many persons lost their lives last night as the result of a tornado which swept a wide path through the residence section of the city. After fruitless efforts to reach their relatives and friends by means of the telephone, they besieged the newspaper offices to keep in touch with the reports on those dead and injured.

Late in the day a few telegrams from persons in the stricken city were received in Ogden. In a telegram received by Frank DeVeto from his sister, Mrs. Rose Coffman, it was stated that "the dear old" whereas the published list contains the name of E. W. Dixon, husband of Mrs. DeVeto's niece.

Samuel Thomas has not yet received word concerning the fate of his brother, W. H. Thomas, a resident of Dundee. This is one of the suburbs of the city reported to have been practically wiped out. Relatives of A. M. White and wife, 171 Patterson avenue, also reside in Dundee. While their son, Frank White, resides in Omaha, J. M. Forristal is considerably alarmed regarding his mother and three brothers, all of whom reside in Council Bluffs.

Among the others who were unable to secure definite information regarding relatives were B. Kelly, whose parents reside in Omaha; Ward Key, who has a sister in the Nebraska city; and G. O. Brophy, assistant superintendent of the Union Pacific. The latter stated that the railroad was without telegraphic communication west of Omaha today because of the fact that the wires are down between Valley and Omaha, a distance of twenty miles.

Traveling salesmen and other transient visitors in the city sought throughout the day to reach relatives with messages of inquiry.

COMPLAINTS ARE MADE.

Residents of City Protest Against
Condition of Walks and Streets.

Special to The Tribune.

OGDEN, March 24.—Since the heavy snowstorm of Saturday night, complaints have been received from persons residing in the city that the condition of the sidewalks and streets is such that it is impossible to send the smaller children to school this morning without the danger of falling. Mrs. E. J. Reusch declares that the sidewalks should be kept in passable condition even if the streets are not properly lighted, the roads remain unimproved, and the cost of inadequate police protection is increased.

Complaints were made by the business men regarding the condition of the crossings in the business district. In some instances the snow was allowed to clog the gutters until the crossings at the bottom of the hill were running several inches deep with water during yesterday afternoon and evening.

Burned by Sparks from Engine.

Special to The Tribune.

OGDEN, March 24.—A new trial of the case of Henry McCullough against the Oregon Short Line railroad was taken up in Judge N. J. Harris's division of the Second district court today. Butler had misunderstood questions put to him and gave incorrect answers.

The new jury which was impaneled today to pass on the evidence is composed of George S. Stewart, Charles W. Jones, P. W. Kinsey, Peter Minnoch, Edna Loggren, N. Neutshom, Benjamin McDowell and Thomas H. Emmert. McCullough is suing to recover \$2000 from the railroad for the loss of a haystack which was destroyed by fire. Years on Front End of Car.

Special to The Tribune.

OGDEN, March 24.—John P. Peterson, known to his fellow workers as "Uncle John," has resigned as a motorman for the Ogden Rapid Transit company after twenty-two years of continuous service. He probably will take up his residence with his children in Idaho.

Motorman Peterson is now in his sixty-sixth year. In spite of his age he is declared by the company officials to be one of the most efficient and dependable street car men in the local service. A few weeks ago Mr. Peterson was claimed by death and the sorrow was weighed heavily on the veteran motorman. It is because of this that he has been so anxious to leave his position. He is now on the front end of a street car and spend the remainder of his life in ease and comfort.

Special to The Tribune.

OGDEN, March 24.—In a petition submitted to the commissioners at their regular meeting tonight, Mrs. Mary P. Pritchett, owner of considerable property in the vicinity of Lincoln avenue and Twentieth street, objects to the use of streets or alleys for spur tracks and other private enterprises. The petition also represents that Spencer avenue is occupied by the Utah Light & Railway company to the detriment of abutting property. The matter will be considered by the commissioners as a committee of the whole.

Escapes From Ogden Jail Some Weeks
Ago but is Again in Tolls.

Special to The Tribune.

OGDEN, March 24.—Prepared for the usual Monday morning grind of cases involving charges of Sunday intoxication and other petty forms of lawlessness, Judge W. H. Bender was richly surprised this morning when the prisoners' bench was completely deserted save for a single offender. The prisoner was a young woman, who is booked under the

name of Jennie Howard, although she was known as Mabel Wilson when under arrest a few weeks ago.

This time the girl is charged with vagrancy, but her case will not be tried until Thursday because she pleaded guilty and the arresting officer was not present. It was a few weeks ago that this Wilson, known then under the name of Wilson, created something of a sensation by escaping from the women's ward of the city jail. She together with one other woman prisoner slid down a rope from the second-story window. Both were recaptured.

BOTH SEEK DIVORCE.

Husband Says Wife Violated Agreement
When She Brought Suit.

Special to The Tribune.

OGDEN, March 24.—Declaring that his wife has not lived up to an agreement which was reached previous to the filing of her divorce complaint, James R. Marshall, the defendant, filed an answer and cross-complaint in the district court today. He desires to obtain a decree of divorce from Ruth Marshall and would also deprive her of the care and custody of two minor children.

Under the agreement said to have been reached by the husband and wife, certain property was transferred for the welfare of the children; also there was an understanding that the wife should never apply for a final decree, the parties to live together again as soon as Mrs. Marshall should escape the influence of her mother.

It is represented in the cross-complaint, however, that the wife has failed to adhere strictly to the alleged agreement, and the husband is now convinced that she is not the proper person to care for the two children. He petitions for a decree, and also that the property be taken from her and deeded to the children.

NEW DISCOVERY QUICKLY CURES
KIDNEY AND BLADDER TROUBLESChronic Sufferers Find Relief
After Few Doses Are Taken.

If you are bothered with backache—or rheumatism, have disagreeable, burning bladder or urinary disorders to contend with—or suffer with any other of the many miseries that come from weak kidneys, here is a guaranteed remedy you can depend upon, no matter what else may have failed to cure you.

It is a positive fact that the new discovery, Croxone, promptly overcomes such diseases. It is the most wonderful remedy ever made for ridding the system of uric acid, removing the cause and curing the troubles.

It soaks right in and cleans out the stopped up kidneys and makes them filter and sift out all the poisonous waste matter from the blood. It neu-

tralizes and dissolves the uric acid that lodges in the joints and muscles, causing rheumatism; soothes and heals the delicate linings of the bladder; and puts the kidneys and urinary organs in a clean, strong, healthy condition.

More than a few doses of Croxone are seldom required to relieve even the obstinate long-standing cases, while it cures the most severe forms of kidney, bladder trouble and rheumatism in a surprisingly short time.

You will find Croxone entirely different from all other remedies. There is nothing else on earth like it. It is so prepared that it is practically impossible to take it into the human system without results. An original package costs but a trifle at any first-class drug store. All druggists are authorized to personally return the purchase price if Croxone fails to give the desired results the very first time you use it.

We Will Refund Money

Any Time Within 30 Days, on Any Newton
Piano that Is Not Found Entirely Satisfactory

And this means just what it says. We cannot state it more plainly. It is not said for effect only—we are serious about it, and we stand ready to prove it should the occasion demand.

You pay but 6 dollars at time of purchase—the piano is delivered immediately. Then you pay 1 dollar and 50 cents a week. If YOU determine that the piano is not satisfactory, any time during the first thirty days, just notify us, and we will send for the piano and give you your money back.

We will not argue the question with you—we will accept your word and return every dollar you have paid. WE will stand the drayage expense.

You will wonder how we are able to do this in connection with the extremely low price of 277 dollars and 50 cents for a \$390 instrument, the liberal terms of payment—guarantee—protection against loss in case of death, and exchange privilege.

But we KNOW the Newton Piano so well—we have demonstrated its extraordinary merits—we know its wonderful value for 277 dollars and 50 cents—therefore we feel perfectly safe in saying "We Will Refund Money." If 30 days is not sufficient time to satisfy yourself regarding the "Newton's" qualities—you may have

Twelve Months' Trial

We want you to be satisfied in every respect. A whole year will be sufficient, even for the most critical musician. If you decide, any time within a year's time, that you are not satisfied with the instrument, we give you the privilege of

exchanging the Newton Piano for any other instrument of equal or greater value. Every cent you will have paid on the Newton piano will be applied on the purchase price of the new instrument. We will take back the Co-operative Club piano, without the loss of a penny to you.

If any proposition could be fairer than this we would like to hear of it; and we would adopt it.

You are asked to pay but 6 dollars down; then 1 dollar and 50 cents a week during the entire time you are "proving" the Newton Piano. All this time you have our guarantee that if you become dissatisfied with the instrument, you may exchange it for any other we sell, by merely paying the difference in price. We stand the loss on the Newton Piano, which is then a second-hand instrument.

\$390 is the true value of pianos. \$277.50 is the Co-operative Club price—a saving of \$112.50. Terms \$6 down, \$1.50 per week until paid.

Each of the 400 pianos will be sold on the payment of 6 dollars cash, then 1 dollar and 50 cents a week. The 6 dollars barely cover delivery costs, but it is credited to your account at the time of purchase. Under this Co-operative Plan, you do not have to wait for anyone else to "join the club"—you are "elected" to begin with—and pianos are delivered as soon as selected and the sale contract signed. When the 6 dollars is paid, you have 181 weeks in which to pay the balance. The payment of 1 dollar and 50 cents a week is so small you will never miss the money.

If any purchaser of one of these pianos should die during the life of his contract, we agree to immediately send a receipt marked "PAID IN FULL" to his family for the instrument, and no further payments will be asked.

A beautiful scarf and stool goes FREE with each piano.

Every new customer you secure for these pianos under the Co-operative Club Plan will entitle you to credit on your account. This is one way of cutting down your payments.
